NETWORK SECURITY DECLARATION

The Caribe Royale Orlando has instituted a Network Security Policy that requires adherence to several necessary precautions in order to maintain network stability. This declaration of compliance with our network security requirements and acknowledgement of our policies must be signed prior to your network services being activated.

We require that all devices directly or indirectly accessing our network have the latest virus scanning software, Windows security updates, system patches, and any other technological precautions necessary to protect yourself and others from viruses, malicious programs, and other disruptive applications. Any device which adversely impacts our network may cause service interruptions to yourself and others which can lead to disconnection of your equipment from the network, with or without prior notice at the discretion of The Caribe Royale Orlando. The device(s) in question will remain disconnected until all issues are adequately resolved. All charges will still apply and no refunds will be given. Additional charges may apply for troubleshooting/diagnostics and / or problem resolution.

Your business is important to us and with advanced and timely notification of your needs, we are confident that we can provide the network services that perform as expected.
