Saturday, April 22, 2017

Check-In

9:00 AM – 10:00 AM

Session: **Romare Bearden and Jazz**

Location: Fullerwood Training Center

Time: 10:00 AM to 12:00 PM

Colleen Schmidt - Romare Bearden Collage and Jazz: In this workshop participants will explore the art of African American artist Romare Bearden and the Harlem Renaissance. We will learn about his connection to jazz and his symbolic representations of the African American experience. We will create jazz inspired paintings and use them to create collages in the style of Romare Bearden. We will also use magazines and participants are encouraged to bring magazines or photographs to use in their collages.

Session: **The Power of the Dot**

Location: Fullerwood Training Center

Time: 10:00 AM to 12:00 PM

Tracey Asby- The Power of the Dot: Participants will immerse themselves in a comprehensive, multi-disciplinary printmaking lesson based on NGSSS. The lesson will include references to newspaper production, Seurat, Pointillism, technology, and silk-screening. Attendees will create two versions of one image: pointillism painting and a silk-screened reproduction. This lesson is designed for upper elementary, however it can easily be adapted to other grade levels and adapted to other grade levels and abilities.

Lunch and Shuttle to the City (Shuttle stop 3 blocks away--lunch options in vicinity)

Time: 12:00 PM – 1:15 PM

Session: **Plein Air Demo**

Location: Downtown St. Augustine at STAAA

<https://www.visitstaugustine.com/event/live-music-saturdays>

Sunday, April 23, 2017

Session: 3D Artists Books: Take 2

Location: Fullerwood Training Center

Time: 9:00 AM – 12:00 PM

Susannah Brown- 3D Artist Books: Take 2: Create a 3D artist book inspired by the work of John Eric Broaddus. Learn about the artist's life and work through information shared from the Jaffe Center for Book Arts. Experience the metamorphosis of everyday materials into creative expression, which deserves a "second look" while making 3D artists books.

Session: The Power of Recycled Art

Location: Fullerwood Training Center

Time: 9:00 AM – 12:00 PM

Kristina Latraverse- The Power of Recycled Art: Create bowls from magazines, beads, collage and awesome recycled magnets! Using recycled materials are not only easy on your budget, but can also be used to create expressive, reflective art pieces. In this presentation, teachers (students) are introduced to contemporary artist who use recycled materials to create and communicate powerful messages. Teach students to use materials they have access to on a daily basis in new ways! 3D & 2D concepts are introduced in this presentation.

Lunch and Shuttle to the City (Shuttle stop 3 blocks away--lunch options in vicinity)
